RAIL PARK

BENEFACTOR PROGRAM

Built by the Reading Railroad to transport passengers to Philadelphia northern and western neighborhoods and suburbs and to support local industries, the viaduct carried its last train in 1984.

Soon a quarter-mile segment of this historic treasure—from Broad Street to Callowhill Street—will become the city's newest elevated public park, with a distinctive design that celebrates our industrial heritage.

Become a benefactor of the first phase of this extraordinary park and leave a lasting legacy. Whether for yourself or someone special, as a commemoration or in memory of a loved one, our Benefactor Program offers the opportunity to endow a wide selection of park enhancements, from benches and swings to trees, planters and perennials.

With your tax deductible donation, you will receive a certificate and appropriate recognition depending on level of support. Plus, you can enjoy knowing that you are helping to complete the first phase of Philadelphia's newest and most unique public space.

As part of all hardscape adoptions, we will install a plaque engraved with a personal message, and maintain it for the next 10 years.
